this moment right here
it's like the movies
we lie on your bed
and i watch you breathe
we listen to the minutes pass

you're out of focus
to close to make sense
i trace secrets on your lips
uh huh, that's right
then fade out of the bedroom light

if we hold on, if we hold on tight
if we hold on things might work out right
if we hold on this won't be the last time
if we hold on, if we hold on tight

cut to the flashback
the conversation
we spin in a kiss
and the lights go down
fast forward to the here and now

I meet your family
And your childhood friends
we look at pictures
thinking will never end
like we're past life lovers meeting all over again

if we hold on, if we hold on tight
if we hold on things might work out right
if we hold on this won't be the last time
if we hold on, if we hold on tight

and the cameras fly
we're saying goodbye
or until then if that's the way the writers want it
there's a car like yours in the parking lot
and i'll write you a letter says i'm ok but i'm not
it's a tragedy
and that's not the kind of movie people wanna see

with you and me

if we hold on, if we hold on tight
if we hold on things might work out right
if we hold on this won't be the last time
if we hold on, if we hold on tight
