(feat. Rock & Ruste Juxx)

[Sean Price]

My son got a gun, I say shoot, that's where the gat'll
spray
Make these faggot niggaz go that a way, run
Your fab five is jumping, big knives, guns, bats and
sticks
Fuck all that rapping shit
Give a fuck about your bar with the verse, put pa in a
hearse
Best bet is throw your car in reverse
You can act up if you want, clapped up in ya front
Pull ya chest and ya back, skit left hooded laugh
Y'all niggaz do the row when I rhyme
Matter fact use a gun when I rhyme, yo
I throw shots from the back of the rover
Chickenwing Bob Backlund, that tag on your sofa
Niggaz actin' like they don't know Sean, til I
Run up on 'em, smack 'em up with the fo'fo nam
Focus the fire, throw shots, hopin' you die smokin'
Alot after the toast is retired, motherfucker

[Rustee Juxx]

Yo, fucking with Juxx, you already know what crime it is
Hard body beat breaking, that's what kinda rhyme it is
Kingston Ave., you already know who grind it is
Black beretta, special opt, that's what kinda nine it is
Body the wax, first I grab 'em by the neck
Then I throw the sawed shotty to back
Cold blooded, black hearted, swing the mac retarded
My weed clientele, excel my crack market
Shawshank swangeler, monster track mangler
Wild cowboy, two hosters on my wrangler's
Barbarian, I'm a savage, street viking
Bullet street striking, faster than grease lightning
Spit volcano, rain, hail, fire
Cuz misery sell millions, and pain sell hater
Fiend for the foam, my throne is indestructable
Niggaz like 'word, son, them niggaz cant fuck with
you'

[Rock]

Aiyo, I kick the ground when I walk

I mean that shit get towned when I walk

The pound, and they get be down for ya thoughts

They be on the ground with the thoughts, have ya thoughts

All over the ground in the park, make a sound when I talk

Shhhh, it is the greatest, underrated MC

Niggaz hate but don't say it to me, they get caste in the three

The move that you making is peace, ready to Jason, is to be like

Damn, keep these niggaz away from the grease, please

Bad news, gun click
