This is a journey
not for fun - you have to bare with me
Let's hold the clowns for entertainment, and the girls
for company
And the more you shoot, the more I smile, just let the
bullets penetrate
I hold the clowns for entertainment, dans around like
Timberlake

The more you shoot the more I smile
but still I'm bleeding

So free yourself from everyone
Let's turn the party on
The situation is critical I want us to shine
The night is still young
Let's turn the TV on
I'd like to call this
The simple art of making you mine

If I could have a nickle, for everytime I said no -
I'd be a millionair but used the cash on the new
Nintendo
There was a part of me who loved the way you used to
smile
The yesterday was f*cking grey - I'm glad it's been a
while
So what's up with making ME it's making YOU the
enemy
I try to heal but still I'm bleeding

So free yourself from everyone
Let's turn the party on
The situation is critical I want us to shine
The night is still young
Let's turn the TV on
I'd like to call this
The simple art of making you mine

It's the simple art of making you mine!

So what do you want?
High voltage Rock'n'roll!
And what do you need?
Blowsight - in control! (x2)

So free yourself from everyone
Let's turn the party on
The situation is critical

So free yourself from everyone
Let's turn the party on
The situation is critical I want us to shine
The night is still young
Let's turn the TV on
I'd like to call this
The simple art of making, the simple art of making
the simple art of making you mine!
