stand in the light
so i can see you
morning makes it right
sun beating low
soon you will know
if love is the way
soon you will go
your own way
stay close to me

blowing down the street
to see you one more time
is the world still at your feet?
did you let somebody love you?
one day you'll feel
the way i feel
soon you will go
your own way
stay close to me

the cowboys in the railway station
gave up on the news
coming home at 3am
saying "how'd it go?, how'd it go today?"
one day you'll know
the end of all days
the sons and daughters calling home
and you waken up with the radio on
stay close to me
stay close
