Sometimes I walk away  
When all I really wanna do  
Is love and hold you right  
There is just one thing I can say  
Nobody loves you this way  
It's alright  
Can't you see?  
The downtown lights  
In love we're all the same  
We're walking down an empty street  
And with nobody, call your name  
Empty streets, empty nights  
The downtown lights  
How do I know you feel it?  
How do I know you feel it?  
How do I know you feel it?  
How do I know it's true?  
Yeah, yeah, yeah, yeah, it's alright  
Tonight and every night  
Let's go walking down this empty street  
Let's walk in the cool evening light

Wrong or right

Be at my side

The downtown lights

It will be alright

It will be alright

The downtown lights

Yeah, yeah

How do I know you feel it?

How do I know you feel it?

How do I know you feel it?

How do I know it's true?

It's alright

It's alright

The downtown lights

Yeah, yeah, yeah, yeah

How do I know you feel it?

How do I know you feel it?

How do I know you feel it?

How do I know it's true?

Yeah, yeah, the downtown lights

The neon's and the cigarettes

Rented rooms and rented cars

The crowded streets, the empty bars

Chimney tops and trumpets

The golden lights, the loving prayers

The coloured shoes, the empty trains

I'm tired of crying on the stairs

The downtown lights

Yeah, yeah
