It's so hot in here.

Feel it on my head
Fire fill me hot and red
Raging like a blood red sun
Fire feel my jeans undone

Yearning and I just can't wait
To give a helping hand to fate
To change this crazy world around
First we gotta cool down

Take me dancing naked in the rain
Feel it washing over me, oh, oh
Join me dancing naked in the rain
Cover me in ecstasy

Smoke is in my eyes
Drifting from the burning cries
Of those who have no strength to stand
Against the fire in the land

Come and wash away the pain,
Step into the blessed rain
Cool the fire in your soul
The rain will make you whole

Take me dancing naked in the rain
Feel it washing over me, oh, oh
Join me dancing naked in the rain
Cover me in ecstasy

Take me dancing naked in the rain
Feel it washing over me, oh, oh
Join me dancing naked in the rain
Cover me in ecstasy

Come and wash away the pain,
Step into the blessed rain
Cool the fire in your soul
The rain will make you whole

Come and wash away the pain,
Step into the blessed rain
Cool the fire in your soul
The rain will make you whole

Take me dancing naked in the rain
Feel it washing over me, oh, oh
Join me dancing naked in the rain
Cover me in ecstasy

Take me dancing naked in the rain
Feel it washing over me, oh, oh
Join me dancing naked in the rain
Cover me in ecstasy
