I will never search for love again  
Hear your whisper in the wind  
"My love has no bounds for you"  
You send the lightning with the rain  
Sing the praises of your name

And I will run to you  
Your face I long to see  
To see you arms stretched out to me

And great God, great God  
Let the world bow down  
You are strength and life to me  
Great God, great God  
I will shout and I will sing  
You are my answer  
You are my answer

You hold the mountains in your hand  
Cup the sea into dry land  
And still you desire to know me  
I wonder ever about life  
You gave to me without a price

And I will run to you  
Your face I long to see  
To see you arms stretched out to me

And great God, great God  
Let the world bow down  
You are strength and life to me  
Great God, great God  
I will shout and I will sing  
You are my answer  
You are my answer

And I will run to you  
Your face I long to see  
To see you arms stretched out to me

And great God, great God

Let the world bow down  
You are strength and life to me  
Great God, great God  
I will shout and I will sing  
You are my answer

Great God, great God  
Let the world bow down  
You are strength and life to me  
Great God, great God  
I will shout and I will sing  
You are my answer  
You are my answer

You're my answer
