Ricky Hil:

She'll be alone when I leave her  
I like it better that way  
I'm on my own when I need her  
Cause they get better that way  
She's addicted to the heroin  
Lighter than a feather that day  
But I kind of like the morphine  
Triple x, got the bottle lean codeine  
What you want?  
I'm that motherfucker  
Baby, I'm that motherfucker  
What you on?  
Nothing like them other suckers  
Nothing like them other suckers  
Mrs. Lucille  
Come and touch me  
Let me know that you're real  
Because if you're fake  
I got to get away  
Punch you in the fucking face

The Weeknd:

Should have known from the start  
What we got can't leave this room  
And I ain't playing with your heart  
It's just a habit to let bitches know the truth  
I made it clear to the world  
Ain't nobody gonna be that somebody  
I made it clear to the world  
Ain't nobody gonna be that somebody

I do it all to stay warm  
I do it all to get by  
I do it all for a home  
For a night  
But, baby  
I won't keep ya  
Just know that  
I'mma leave ya  
So, fuck me right

Baby, fuck me right  
Until I'm too tired to leave ya  
And we can  
Call this your night  
Wipe those tears from your eyes  
Cause, baby it's alright  
Baby it's alright  
I got a bottle of the 'Tron  
In my brand new coat  
If you want to take a sip  
To forget what we did  
Girl, I've done this before  
I get faded all alone  
'Til my body gets thin  
To forget all my sins
