Dismember me,
for I can't
bare to lose you.

Your hands around my throat,
attempted strangulation.
Forced without reprieve
upon my neck.

This pain that plagues
my mind shall slowly fade away.
I can't believe that
this is more than a dream tonight.

And I know that there's
a reason why I still care.

Gouging out my eyes
and tearing at my scalp,
I cannot remember why I
ever fucking tried.
This isn't black and white,
it is dark red.
You'll learn your lesson
from this mutilation.
With blood spewing from
your once emboldened eyes,

you will regret this day
and what you've done to me.

OH!

Hungry for restitution,
bodies afloat.
And I remain.

I will stay committed
to you for I am your ally.
As we part we proceed as
one conjoined entity.

This pain that plagues
my mind shall slowly fade away.
I can't believe that
this is more than a dream tonight.

With blood still
dripping my knife,
I wait for this day to end.
Despite my deepest fears,
i will never lose hope.
