You think you know me
Word on the street is that you do
You want my history
What others tell you won't be true

I walked a thousand miles while everyone was asleep
Nobody's really seen my million subtleties

Got stains on my t-shirt and I'm the biggest flirt
Right now I'm solo, but that will be changing eventually,
oh
Got bruises on my heart and sometimes I get dark
If you want my auto, want my autobiography
Baby, just ask me

I hear you talking
Well, it's my turn now
I'm talking back
Look in my eyes
So you can see just where I'm at

I walked a thousand miles to find one river of peace
I walked a million more to find what fish is which

Got stains on my t-shirt and I'm the biggest flirt
Right now I'm solo, but that will be changing eventually,
oh
Got bruises on my heart and sometimes I get dark
If you want my auto, want my autobiography
Baby, just ask me

I'm the baddest girl in this messed up world
I'm the crazy girl in this crazy world
I'm a simple girl in a complex world
A nasty girl, you wanna get with me?
You wanna mess with me?

Got stains on my t-shirt and I'm the biggest flirt
Right now I'm solo, but that will be changing eventually,
oh
I laugh more than I cry

You piss me off, good-bye
Got stains on my t-shirt and I'm the biggest flirt
If you want my auto, want my autobiography
Baby, just ask me
