The sky has fallen  
And it's early in the morning  
But it's ok somehow  
I spilt my coffee, it went  
All over your clothes  
I gotta wear mine now

And I'm always, always, always late  
And my hair's a mess,  
Even when it's straight

I used to think I had it good  
But now I know that I misunderstood  
You would say, I'm better off in every way [repeat 1] so  
what,  
I'm better off everyday  
When I'm standing in the pouring rain, I don't mind  
I think of you and everything's alright

My friends keep callin'  
They say, they say I'm stallin'  
And they wanna meet you now  
I tell them hell no, I say  
We're tryin' to lay low  
Don't wanna lose what I've found

Things are finally, finally lookin' up  
All my fear, on the ground  
Even though I'm stuck

So what,  
I'm better off everyday  
When I'm standing in the pouring rain, I don't mind  
I think of you and everything's alright  
I used to think I had it good  
But now I know that I misunderstood  
You would say, I'm better off in every way

Things are finally, finally lookin' up  
All my fear, on the ground  
Even though I'm stuck

Even though I'm stuck

So what,  
I'm better off everyday  
When I'm standing in the pouring rain, I don't mind  
I think of you and everything's alright  
I used to think I had it good  
But now I know that I misunderstood  
You would say, I'm better off in every way

Yeah, yeah

Better off in every way  
I'm better off in every way  
I'm better off today

The sky has fallen  
And it's early in the morning  
But it's ok
