Sunday morning blues always about you
I wake up alone in a big room
Got myself to blame for all of my bad moods
And I really wish that I didn't feel this way
I wanna break the circle but the circle won't break
I don't wanna spend another night
Trying to figure why you are always on my mind whoa
All I know you keep me coming back for more
Even when I think I've had enough
When I tell you that it's over now that we're done ooh
Don't let go, just keep me coming back for more
I'm coming coming coming coming back
Two weeks and three whole days and I give in
I was doing so good but you always win
And I really wish sometimes that we would just move on
But what would I be doing if you were gone
I don't wanna spend another night
Trying to figure out why you are always on my mind
whoa
All I know you keep me coming back for more
You always find a way to make me want to stay
You'll never get away from me
I don't wanna spend another night
Trying to figure out why you are always on my mind
whoa
All I know you keep me coming back for more
Even when I think I've had enough
When I tell you that it's over now we're done oohh
Don't let go, just keep me coming back for more
You keep me coming coming coming coming back for
more
Coming back for more
You keep me coming coming coming coming coming
back for more
Just keep me coming back for more
