Well its 9pm and you still haven't called me back  
And if I try again I think you'll feel like you under attack  
I don't think I can take it I don't think I can make it  
I just want this to go away

Trying to be someone that you know your not  
It gets harder everyday  
All the lonely days  
There's no one left to love  
You wish life would go away

Now its 2am and I'm pacing around on the floor  
I wait for you to come home but you never come walk  
through that door  
Now I'm trying to fake it I just cant seem to shake it  
I just want this to go away

Trying to be someone that you know your not  
It gets harder everyday  
All the lonely days  
There's no one left to love  
You wish life would go away  
You wish life would go away

I know one day ill get through this  
I know one day we'll be done  
I know one day ill find a way  
To see you

Now its 6am and I smashed all the you left behind  
I gotta throw this away these things that'll never be  
mine

Trying to be someone that you know your not  
It gets harder everyday  
All the lonely days  
There's no one left to love  
You wish life would go away

Trying to be someone that you know your not  
It gets harder everyday

It gets harder everyday
