Here, here I am again  
And I'm starin at these same four walls  
Alone again  
And now, all the colors blend  
And I'm growing old and I've become  
This empty thing

Hold on, its tragic  
Stumbling through all this static

I just wanna talk to you  
And my broken heart just has no use  
And I, I guess promises are better  
left unsaid, yeah  
Everytime you try to tell me  
You say the words that I'm the only  
But the one who's crying on the ground  
When you say love makes the world go 'round

My love, look at what you've done to me  
For someone who has felt so strong  
It's amazing I'm completely gone

Hold on, its tragic  
Stumbling through all this static

I just wanna talk to you  
And my broken heart just has no use  
And I, I guess promises are better  
left unsaid, yeah  
Everytime you try to tell me  
You say the words that I'm the only  
But the one who's crying on the ground,  
When you say love makes the world go 'round

It's not the love you give me  
I'd rather be alone, believe me  
It's not the way you've found to treat me  
I'd rather walk away

I just wanna talk to you

And my broken heart just has no use  
And I, I guess promises are better  
left unsaid, yeah  
Everytime you try to tell me  
You say the words that I'm the only  
But the one who's crying on the ground,  
When you say love makes the world go 'round, yeah  
You say love makes the world go 'round  
Everytime you try to tell me  
I don't care you're not the only  
Don't you know I'm coming back around  
Cuz I say love makes the world go 'round, yeah  
Cuz I say love makes the world go 'round
