It's been three days
You come around here like you know me
You're stuck in my place
Next thing you know, you'll be using my toothpaste
Step up, sit down
Get ready, let me tell you who's the boss now
Stay here, get out
Everytime I turn around you're in my face

Don't care where you think you've been, and how you're
getting over
If you think you've got me found
Just wait it gets much golder

Here I am,
As perfect as I'm ever gonna be
You'll see
Love me for me
Stick around,
I'm not the kinda girl you wanna leave
You'll see
Love me for me

Shut up, come back
Know I didn't really mean to say that
I'm mixed up, so what
Yea you want me so you're messed up too
I love you, I hate you
If you only knew what I've been through

My head is spinnin'
But my heart is in the right place
Sometimes it has to have it's self a little earthquake

Here I am,
As perfect as I'm ever gonna be
You'll see
Love me for me
Stick around,
I'm not the kinda girl you wanna leave
You'll see

Love me for me

I've been waiting all my life
To finally find you
Just so I can push you away
And when you're crawlin on broken glass to get to me
That's when I'll let you stay

Oh, here I am
As perfect as I'm ever gonna be
You'll see
Love me for me
Stick around,
I'm not the kinda girl you wanna leave
You'll see
Love me for me
Love me for me

Whoa, here I am
As perfect as I'm ever gonna be
You'll see
Love me for me
Stick around,
I'm not the kinda girl you wanna leave
You'll see
Love me for me
