You don't know me  
Like you knew me  
You stopped listening  
The moment I needed you most  
You can't see me  
Like you saw me  
Truth comes easy  
But it's hard for you to pull me from the ground  
So I scream, scream cause it hurts  
Your every word  
Cuts me inside and leaves me worse  
There's no way back  
And what if there was  
You'd still be you and  
It'd still need to say goodbye  
Maybe you don't  
Love me  
Like I love you baby  
Cause the broken in you doesn't make me run  
There is beauty  
In the dark side  
I'm not frightened  
Without it I could never feel the sun  
Nothing will change no matter what you say  
I'm still gonna be the same  
The harder we try, the harder that we fight, can't get it  
right
