I always know, you never trusted in me,
This is not a true love, just it seems.
You're not the one who I need,
Say good bye and give me your tears!

You re not the other half of my life,
And can't feel the pain what I survived!
But the sun of our last day has come
I don't need you anymore to make me cry.

I hear your screams,
But it's too late for tears
You can't reach me
Without being straight

You change my whole life,
Never give back the wasted time.
I am not your shadow in this lie
Trust in you one more time.

You are just one in a million,
So I just make an easy decision.
I finished our last season,
Fuck off, this is my passion.

I hear your screams,
But it's too late for tears
You can't reach me
Without being straight

You re not the other half of my life,
And can't feel the pain what I survived!
But the sun of our last day has come
I don't need you anymore to make me cry.

But the sun of our last day has come
I don't need you anymore to make me cry.

I hear your screams,
But it's too late for tears
You can't reach me

Without being straight
