I want to be the last who see your eyes at the end of
every day,
I want to be the happiest person, who hold your hand
so far away!

The story started in a simple day,
But turns my life to a perfect way,
Everywhere angels, flying around us,
For me, your kiss is the biggest blast.

I want to be the first who see your eyes
I want to hold your hand at the hard times
I want to be the meanig of your life
I want to be the beast, who fight for us

You are the only one who feel yourself in my hearth
There aren't be a day without smiling on my mind
I will be the first, who feel like the paradise
Honestly, I can kill for your eyes

For your eyes!

We will find the way to smile over dark nights,
Just never say good bye!
For me, you're the last rope to escape from nightmares
'n rise!
Just never become past!
You're the one, who makes me forget my whole life
Just never break my hearth!

I want to be the first who see your eyes
I want to hold your hand at the hard times
I want to be the meanig of your life
I want to be the beast, who fight for us

I want to be the last who see your eyes at the end of
every day,
I want to be the happiest person, who hold your hand
so far away!
