Don't hold me down  
I'm not supposed to feel like  
I've been holding on  
For something else

I kept my feet on the ground  
Too scared to see how far this could take me  
If I ever leave the ground  
There'd be nowhere to go but down

I'll take these chances  
Just like the way you took a chance on me  
I don't have any answers  
But I've been places and I've seen things

I love the way I said goodbye  
This is my exit and your time to shine  
So let me go, stop the search  
'Cause I found what I'm looking for

Just like my favorite scene  
From my favorite movie  
The world was spinning underneath my feet  
But this ain't no Hollywood ending

Tell me about my future  
'Cause I already know my past  
Let's make up  
For the time we've missed

So let's just get this over with  
This is just one more mistake I have to live with  
So please forgive  
The escape from the world I hate

I'll take these chances  
Just like the way you took a chance on me  
I don't have any answers  
But I've been places and I've seen things  
I've been places and I've seen things

I love the way I said goodbye

This is my exit and your time to shine  
So let me go, stop the search  
'Cause I found what I'm looking for

Just like my favorite scene  
From my favorite movie  
The world was spinning underneath my feet  
But this ain't no Hollywood ending

Blame it on me, just blame it on me  
Don't you know I'm coming clean  
Yeah, I'll take the heat  
Oh, you're just about as honest as a liar could ever be

I love the way I said goodbye  
And this is my exit and your time to shine  
So let me go, stop the search  
'Cause I found what I'm looking for

Just like my favorite scene  
From my favorite movie  
The world was spinning underneath my feet  
But this ain't no Hollywood ending
