I can remember holding hands  
Walking down the beach our feet in the sand  
Watchin' the sunset in your eyes  
Not ready for the night to pass by  
Things I never felt before  
Laying out my heart through an open door  
Didn't think of holding back  
But I didn't know it would end like that

Cause in a second you turned and walked away  
Couldn't believe it  
So I wrote this song to say

When you left I was like "whatever, forget ya!"  
Don't need you here just thought I should let you know  
I'm doing fine without you by my side  
I'm out hanging every night  
Yeah, I'm alright  
So many girls in the world  
Yeah, they're out there  
Guarantee that I'll find another  
That will make me smile,  
Make my time worth while  
Feels so good knowing I'll be fine  
Yeah, I'm alright  
I'm alright, ooh

Talking on the phone all night long  
Sharing things like our favorite song  
Saying things that meant so much  
We text in class just to keep in touch  
Couldn't get you off my mind  
Was thinking about you all of the time  
I let my heart be free  
I just didn't know you would do this to me

But in a second you turned and walked away  
Couldn't believe it  
So I wrote this song to say

When you left I was like "whatever, forget ya!"

Don't need you here just thought I should let you know  
I'm doing fine without you by my side  
I'm out hanging every night  
Yeah, I'm alright  
So many girls in the world  
Yeah, they're out there  
Guarantee that I'll find another  
That will make me smile,  
Make my time worth while  
Feels so good knowing I'll be fine  
Yeah, I'm alright  
I'm alright

(Uh-uh Alright x3, I'm Alright)

The chapter's closed  
I'm moving on  
A brand new dawn  
I'm embracing the memories fading  
The love almost gone  
I'm getting stronger  
And I no longer dream of you at night  
Girl, it feels so good knowing I'll be fine  
Yeah, I'm alright!

Oh yeah, 'cause...  
When you left I was like "whatever, forget ya!"  
Don't need you here just thought I should let you know  
I'm doing fine without you by my side  
I'm out hanging every night  
Yeah, I'm alright  
So many girls in the world  
Yeah, they're out there  
Guarantee that I'll find another  
That will make me smile,  
Make my time worth while  
Feels so good knowing I'll be fine  
Yeah, I'm alright  
I'm alright

Uh Uh, Alright
