And the silence  
When a cry of birds calms down  
And the silence  
When a sound of life dies for a moment  
That's I come deeper to you  
I set your fear free - when I want  
I change your tears in laughter  
Come with me  
Forget about hypocrisy - whose words  
invite my dreams  
Come with me  
I'll feed you with words - whose hands  
push me in the abyss

Raging fire  
Burned my mind  
I wake my hatred  
I rape sleeping taste  
I cut heads of traitors  
Fallen like me  
They pray to god  
Defamed on face

In the path dead human bodies  
Naked bodies I lead word of master  
I sing the track with the blood  
In a dungeon full of pain  
I find a voice  
Hurricane of swords  
Stop a time

Burning sunrise rips my eye-lids  
Sharp like swords light cuts my head  
Joy of day pierce me with thorn

Jerked in sleeping consciousness  
I fell bitterness, furiously pain  
Choke me feelers of disdain

Wakes me, jerked reality  
Where I was

Covered with blood  
Where did I run away  
Covered with madness  
Who I was afraid  
Of crouched in mind
