Acting like a stranger
Stranger than you know
Eyes are looking on you
Ready to tell all

You're Disciplined and Punished
Coz you won't conform
Naked on a spotlight
Ready to perform
You seem, to bleed
They just, won't feel
You're made, insane
Forgets, your name

This is what you get, what you get for doing it
This is what you get for doing it
This is what you get, what you get for doing it
Everything is turned to black (repeat with alternate
verse)
[Just one move and you're attacked]

Like a midnight lonely roadblock
Like a stripsearch in the light
Like an endless prison sentence
Like a victim with no rights

All eyes are turned upon you
You're a star - in a show
Pity the show makes you twisted
You're stripped up to the bone

You seem, to bleed
They just, won't feel
You're made, insane
Forgets, your name

(repeat from "Like a midnight lonely roadblock")

This is what you get what you get for doing it
This is what you get for doing it (x4)
