Hell is burning in your eyes
Like a fire in the skies
The flame torches me then dies
I'm obsessed with the disguise
(chorus)
I like wars, I like guns
I'm a quaker, I'm a nun
You'll believe it when you feel it
So I say, let's have some fun
Get a grip, not on me
I'm your anchor in the sea
And I'm sinking rather quickly
so come on and let me free
I am wearing battle scars
I am crashing all my cars
Blasting off to planet Mars
I'll finish up behind bars
(chorus)
I am wearing battle scars
(like a fire in the skies)
Blasting off to planet Mars
(I'm removing my disguise)
Chained to the pearly gates
(I like wars I like guns)
Holding up until I break
(I just thought I'd have some fun)
(chorus)
