Those who love you, baby let me stop
Those who love you, woooooooooooooooooooo

Those who love you, baby let me stop
But you could change my life for the better

Those who know you, baby let me in
I know that heaven set you in underneath of my skin

Those who know you, baby let me in
But you could change my life for the better

Change my life
Well you can change my life for the better
Uh Oh, Uh Uh Uh Uh Oh

Change my life
Change my life for the better, Uh Oh, Uh Ohhhhh

Take my demons, save me will you love
Take my demons

Take my demons, save me will you love
Well you can change my life for the better

Change my life
Well you can change my life for the better
Uh Oh, Uh Uh Uh Uh Oh

Change my life
Change my life for the better, Uh Oh, Uh Ohhhhh

Save me will you love (x7)
