Come on, come on, yeah, big town

[Verse 1: Fabolous]

I bet cutie wanna freak

Don't matter if she on covers of Maxim or Jet "Beauty of the Week"

Give 'em wet cooties when I speak

I usually flash thousands worth of invisibly set jew-ies on a freak

It's likely I'm a take boo in the cut

Take her back to Spike Lee & have her doin' the butt, and I'm a mention

Just the way you shake it make my little soldier stand at attention

My hands gon' be inchin', cause I'm standin' there flinchin'

Tryin' to hold my hand back from pinchin'

But, ma I can't follow too long

Unless you look like a model who on, and swallow boo bons

I'm the kid in the XL Model Yukon

That get more numbers than a lotto coupon

Yo, F-A-B go scanty

Ma, you know how many I meet with no panties?

Boottee (*5 Times*)

I see boottee, I see boottee

[Verse 2: Benzino]

Benzino, if you can't stand the heat get the fuck out the kitchen

Chauffer driven limousines straight outta prison

In jewelery, man listen

Masterpiece was out to long I never wore presidentials

Still payin' for the shit Jacob lent you (Boottee)

Still waitin' for the check the label sent you (Boottee)

I'm still doin' things you can't imagine (Boottee)

That's there for blastin'

Bangin' on wax that's boottee

Face it Teddy banged tracks

Zino lace it

I like the chicks with the big fat ones

When you back that ass up all you feel is my gun

Hourglass ass you a mo'fucker boo

So please believe it I'm leavin' with you

& if you want 3 I'm freakin' with you

Benzino smashed bootee more than a few
Ha, ha ha

Bootee (*4 Times*)
I see bootee, I see bootee

[Verse 3: G-Dep]
Yeah, yeah, yeah
Aiiyo 8 classes, champagne glasses
V.I.P. passes lettin in all the asses
Got move fastest, cheek to cheek
Move from freak to freak, speak the greek
Shorty with the sleek physique, lots of stylin
The way you move I can tell you got some talent
Intelligent & she fuckin' with seniors
I need brains & you probably a genius
Bein' the Bad Boy you know I be
It's all ages you ain't gotta show ID
Too young as a man in China
So what if she can buy a gray goose with a loose
vagina
Forget Azure's, I'll take her to court
Catch me on the dance floor tailgatin' a broad
I don't care is she ain't a cutie, ask fruity
When I see bootee, I see bootee

Bootee (*4 Times*)
I see bootee, I see bootee

[Outro]
Aiiyo my party people dance to this (bootee, bootee)
Party people dance to this (Feel me, feel me)

Repeat 3.5 Times

Ladies show your thongs drop your pants to this
