Spoken: I got me here the one-string diddly-bo,
custom-made for me personally by a super-chicken.

Save me, from this way,
It be, killing me,
Yeah I been sitting here dreaming,
Yea one day, of being free.
Save me, save me, save me, oh save me.

Save me, from this girl,
She be, killing me,
I been sitting here dreaming,
Yea one day, of being free,
Save me, save me, who gonna save me? Yea save me.

Save me, from this song,
It be boring me,
I been sitting here dreaming,
Yea one day, of being free,
Save me, save me, who gonna save me, save me yea,
save me, who gonna save me, baby hang on, save me,
hang on, save me...yea gonna save me, who gonna
save me, yea but who gonna save me, oh who gonna
save me...diddly-bo
