The scent of lies is in the air tonight  
We dance in a spell of lust, those eyes of yours I cannot trust  
The scent of lies is in the air tonight  
We dance in a spell of lust, those eyes of yours I cannot trust  
You all act innocent but I have seen your true face  
Stop lying to yourself; you're nothing but a fucking disgrace  
You're a fucking disgrace  
How can you trust anyone when you can't even trust your friends?  
A masquerade of lies will kill us all in the end  
The worst part of it all is I'm exactly the same  
I'm looking around the room  
I'll be the first one to blame  
The scent of lies is in the air tonight  
We dance in a spell of lust, those eyes of yours I cannot trust  
The scent of lies is in the air tonight  
We dance in a spell of lust, those eyes of yours I cannot trust  
Take another look inside of yourself[  
Look at the mess you've made  
Take another look inside yourself  
You're living in a masquerade  
You're just a two-faced piece of shit  
I'll make sure all you cowards quit  
So hide yourself behind a mask  
In a room of double faces  
You can never hide what's in your past  
Nothing changes at all, I'm still exactly the same  
I'm looking around the room  
I'll be the first to blame  
The scent of lies is in the air tonight  
We dance in a spell of lust, those eyes of yours I cannot trust  
The scent of lies is in the air tonight  
Those eyes, those eyes  
To everyone who's held me up and everyone who's brought me down

I will never forget your faces, your voices  
Wink and smile for a while behind a mask  
In a room of double faces you can never hide what's in  
your past
