Soon  
You'll hear a tune  
That's gonna lift you out of your seat  
It could be sweeter  
But then the meter  
Was written especi'lly for your feet  
Fly  
Away up high  
Upon a syncopated balloon  
A little ginger  
Will never injure  
Hear them tuning up  
They'll be playing soon

Ev'rybody step  
To the syncopated rhythm  
Let's be going with 'em  
When they begin

You'll be saying, yes sir  
The band is grand  
He's the best professor  
In all the land

Listen to the pep  
That emerges from the middle  
Of the jazzy fiddle  
Under his chin

Oh, what music  
The clarineter  
Could not be better  
Hear that strain  
I don't know just what it is but it's great  
They simply ruin it  
Look at 'em doin' it  
Come, come don't hesitate

Ev'rybody step  
If you want to see a glutton  
When it comes to struttin'

Over the ground

Wait'll you see  
My little sweetie and me  
Step, step, stepping around
