I poured my heart into a song  
And when you hear it please remember from the start  
You won't be hearing just the words and tune of a song  
You will be listening to my heart

I poured my heart into a song  
And I'm afraid the words I chose were not so smart  
I couldn't think of clever things to say in my song  
I had to say it with my heart

If it's never played  
On the hit parade  
It will still contain a heart that is beating true  
If it's not a hit  
I won't mind a bit  
Long as it  
Conveys the love that I bear for you

Here is my heart wrapped in a song  
And if you take it please don't tear my song apart  
For if you do you won't be just destroying a song  
You will be tearing up my heart
