"Revival Day"

[As sung by Al Jolson]

Brothers and sisters, misters and misses
Good people one in song
Come on down and jine the congregation at the old
town hall
Johnson the speaker, he was the speaker
Come hear what he will say
Don't be slow, come let's go
This is revival day

Come and hear the congregation shouting
"Hallelujah, Hallelujah"

If you've misbehaved
Come sinners and you'll all be saved

Raise your voices up to heaven shouting
"Hallelujah, Hallelujah"

Don't forget to bring your Bible
You won't regret, you know you're liable
To have your sins forgiven in that revival day
