She drew all smiles making no sound
She ripped, she ripped this heart in two

I should try not to ask for, ask for
It's alright, it's alright
Some like to give as much

I should try not to ask for
Lights are out, all is falling down

Move your limbs with mine
And I hope you won't go soon
We're glowing in drops of sweet

Move your limbs with mine
And I bet you feel them too
We're glowing in drops of sweet
It's alright, it's alright, it's alright

The future turns up my heart
These lines, these precious lines won't fade

Look inside, decide like always
It's alright, it's alright
No more tears are falling

I should try not to ask for
Lights are out, all is falling down

Cross your fingers, hold your lips
Will it take as long as we want it to be?
Cross your fingers, hold your lips
Come on now, come on now!

It's falling
We're down
We're through
