Now

You must remember when

There was a time

When I was on the inside

I was looking out

Looking only to defend

all that was mine

I had nothing, and no-one could touch me

Well, you know that

if it hadn't been for you

If it wasn't for your touch

For giving me the hope

I needed so much

Now I look into your eyes

and I see that you're afraid

You're living in the world

that you have made

That you have made

(chorus)

Feel the strength

in the twilight

Break the chain
that binds your heart to the dead of night
Come feel the hope
in the twilight
Let it take your soul
and we'll go on forever and ever
Here
In the circle of my arms
you will return
I know you're on the inside
Can you find your way back?
Where no-one can bring harm
No bridges shall burn
and the only direction to turn
is to the morning
Well, you know that
if it hadn't been for you
If it wasn't for your touch
For giving me the hope
I needed so much
Now I look into your eyes
and I see that you're afraid
You're living in the world
that you have made
That you have made

(chorus)

Feel the strength

in the twilight

Break the chain

that binds your heart to the dead of night

Come feel the hope

in the twilight

Let it take your soul

and we'll go on forever and ever

When the shadow's on the ?wall?

and you've played your last card

Like a shot in the dark

we'll find that star

We'll find that star

(chorus)

Feel the strength

in the twilight

Break the chain

that binds your heart to the dead of night

Come feel the hope

in the twilight

Let it take your soul

and we'll go on forever and ever

(repeat chorus and fade
