Giselle:

How does she know you love her?
How does she know she's yours?

Man:

How does she know that you love her?

Giselle:

How do you show her you love her?

Both:

How does she know that you really, really, truly love her?

How does she know that you love her?

How do you show her you love her?

How does she know that you really, really, truly love her?

Giselle:

It's not enough to take the one you love for granted
You must remind her, or she'll be inclined to say...

"How do I know he loves me?"

(How does she know that you love her?)

How do you show her you love her?)

"How do I know he's mine?"

(How does she know that you really, really, truly love her?)

Well does he leave a little note to tell you you are on his mind?

Send you yellow flowers when the sky is grey? Heyy!

He'll find a new way to show you, a little bit everyday

That's how you know, that's how you know!

He's your love...

Man:

You've got to show her you need her

Don't treat her like a mind reader

Each day do something to need her

To believe you love her

Giselle:

Everybody wants to live happily ever after
Everybody wants to know their true love is true...
How do you know he loves you?
(How does she know that you love her?
How do you show her you need her?)

How do you know he's yours?
(How does she know that you really, really, truly)

Well does he take you out dancin' just so he can hold
you close?
Dedicate a song with words in
Just for you? Ohhh!

All:
He'll find his own way to tell you
With the little things he'll do
That's how you know
That's how you know!

Giselle:
He's your love
He's your love...

That's how you know
(la la la la la la la la)
He loves you
(la la la la la la la la)
That's how you know
(la la la la la la la la)
It's true
(la la la la la)

Because he'll wear your favorite color
Just so he can match your eyes
Rent a private picnic
By the fires glow-ooohh!

All:
His heart will be yours forever
Something everyday will show
That's how you know
(That's how you know)
That's how you know
(That's how you know)
That's how you know
(That's how you know)
That's how you know
(That's how you know)
That's how you know
(That's how you know)

That's how you know
(That's how you know)
That's how you know!

Giselle:
He's your love...

Man:
That's how she knows that you love her
That's how you show her you love her

Giselle:
That's how you know...
That's how you know...
He's your love...
