I think the sky is gonna clear
Because the hills turn green as summer nears
But a lightening storm, a lightening storm
Can even happen when the air is warm
And I can hear that nothing
Calling out to me
I can feel that nothing
Reaching out form me
It's all so new, it's all so new
But my boots seem to know what to do
I know it's strange, it's very strange
It feels like something's been pre-arranged
And yet I hear that nothing calling out to me
I can feel that nothing reaching out to me
Kasper, I love your mother
I can see her in your eyes
And I owe you what I owe
Or it'll burn up inside
Kasper, I'm a man now
Tough I sometimes feel like a kid
At least I don't feel like nothing
The way that I once did
Looking down the avenues
But every little bend is out of view
Hold my breath and count to ten
See if I can ever take another again
I can hear that nothing
Calling out to me
I can feel that nothing
Reaching out to me
Kasper, I'm a man now
Tough I sometimes feel like a kid
At least I don't feel like nothing
The way that I once did
Is that a light
Is that a light
Coming through
The gray and white?
Is that a light
Is that a light
Coming through

The gray and white?
