I don't quite get it, but I know you've got it  
I don't care if nothing else goes my way all day  
I'm taking your morning warmth with me out into the  
day  
And I don't care if nothing else goes my way all day  
I think I can stay here a while with you  
You make me feel much better  
Scared indeed to be without  
Storm renders compass useless  
Unwanted to be here  
I feel the end of something  
Everything before us is hopeless  
Everything before  
I don't quite get it, but I know you've got it  
I don't care if nothing else goes my way all day  
I'm taking your morning warmth with me out into the  
day  
I don't care if nothing else goes my way all day
