I'm not attractive today, I'm not a sight for sore eyes
I'm not an Adam or Eve, I'm just a nervous young thing
Hear my voice strain as I sing, my will won't bend and
then break
The crate will break and I'll fall, I couldn't help it at all

I've got a license to confuse
What do we got to lose?
A license to confuse

I guess I got what it takes to help me make this mistake
It took a while but I learned, it took a twist but I turned
And now it's clear that I'm blind, another mountain to
climb
Another distance to fall, I couldn't help it all

I've got a license to confuse
What have you got to lose?
A license to confuse

I shouldn't sound so forlorn, regret the day I was born
?Cuz here I am and I've been, I only need a few friends
My hands are sweating all day like I've been letting me
down
Like I've been letting me slide, just some nonsense on
my mind

And the license to confuse
Nothing I can use
Bust it, build it for a year
Here's my license, that's my right
