

## Sebadoh "Sacred Attention"

Visit "[Sacred Attention](#)" on [MotoLyrics.com](https://www.motolyrics.com)

My head so low  
The way I think could scrape the ground  
I will give them all control  
I will crumble all around

There's no need to say a word  
As logic burns right through my head  
I could almost laugh out loud  
The way this silence leaves me dead

Feel afraid to speak  
And I feel afraid to smile  
As I crave sacred attention  
You could hit me all the while

You might be the weaker one  
And I may stand and stare  
But I'll always know my place  
To keep this order safe, not sane
