I get up on my feet and run  
It's the usual beginning  
Of a workday neverending  
I would like to get my washing done

But there's always something urgent  
And I ain't got no detergent  
At the end of the week I'll get my pay  
But it takes a million to make my day

Honey's got a diamond  
's got it in her eye

Honey's got a diamond  
's got it in her eye  
Honey's got a diamond  
's got me runnin, high

I get into my car and drive  
Got a rusty little sedan  
With a dent and broken heating  
Watching others as they pass me by  
They will move from rags to riches  
With a company that matches  
And I know I'll always be in the rear  
They can buy me out but I have no fear

Honey's got a diamond  
's got it in her eye

Honey's got a diamond  
's got it in her eye  
Honey's got a diamond  
's got me runnin, high

It's a way to get by  
It keeps a man alive  
It's a way to get high  
I get into my bed and sleep  
With the world upon my shoulders  
And a TV dinner older

Well at least I won't be counting sheep  
And as long as I can wake up  
And look into her eyes  
Yeah, I've got all I need

Honey's got a diamond  
's got it in her eye

Honey's got a diamond  
's got it in her eye  
Honey's got a diamond  
's got me runnin, high

It's a way to get by
