There's a mask on the wall  
That I should be wearing  
To keep you from seeing  
How I'm really feeling  
I'd like to be cool  
And tell you goodbye  
I've been such a fool

And now it's written all over my face  
That I'm about to cry  
I need a disguise  
To hide my love  
I need a disguise  
You've seen too much  
I fall apart when you touch me  
With your eyes

I need a disguise  
Oohh baby  
I need to get wise  
Oohh baby

I know just where you're going  
And I know who you'll be seeing  
If I swallow all my pride  
There'll be nothing left of me  
I'm so confused  
It can't be denied (I think you better run now)  
Either way I lose  
And it's written all over my face  
How I hurt inside

I need a disguise  
To hide my love  
I need a disguise  
You've seen too much  
I fall apart when you touch me  
With your eyes

I need a disguise  
Oohh baby

I need to get wise  
Oooh baby
