It's been a beautiful day
Can't wait for tomorrow to come
Don't see the problem
We're riding a number one

It just gets easier
It just gets better and better

Chorus:
I see no ships
I see no ships

Oh the distractions
On a night like this
Which do you want
Choose one from the list

Are you gonna push the buttons?
Do you know who's lookin out?

Repeat Chorus

Watcha don't know
It can't hurt you
Do these wonders
They won't vouch for you

Repeat Chorus

Your really a front
Everything you do hits
The crowd has gathered
And standing at your hips

Don't need no credentials
Or maybe your invincible

Repeat Chorus

Watcha don't know
It can't hurt you

Endless wonders
Won't defend you

Repeat Chorus
