"Paris For A Day"

I took a ride on a sinking ship
I fell asleep beneath the London Bridge
And the shore waves inspired my days
And the currents begging me to stay
I traveled to Paris just for a day
Just for a day, just for a day

I'm bursting through cathedral door
Dancing to the rhythm of chords
I can feel it moving in the breeze
I can see it in the simplest things
I traveled to heaven for a day

The world still turns
The people, they haven't learned
We're flying we're flying
We're flying we're flying

Could you ever believe?
Could you ever believe?
Could you see the things
That weren't supposed to be?
I've been sitting down
I've been sitting down
I just want to get out
I just want to get out

The world still turns
The people, they haven't learned
We're flying we're flying
We're flying we're flying

Flying
Flying
Flying
