He's got a way about him
I don't know what it is
But I know that I can't live without him

He's got a way of pleasin
I don't know what it is
But there doesn't have to be a reason - any where

He's got a smile that heals me
I don't know what it is
But I have to laugh when he reveals me

He's got a way of talkin
I don't know what it is
But it lifts me up when we are walkin anywhere

He comes to me when I'm feelin down
Inspires me without a sound
He touches me
I get turned around

He's got a way of showin
How I make him feel
When I find the strength to keep on goin

He's got a light around him
And everywhere he goes
A million dreams of love surround him
Everywhere

He comes to me when I'm feelin down
Inspires me without a sound
He touches me
I get turned around

He's got a smile that heals me
I don't know what it is
But I have to laugh when he reveals me

He's got a way about him
I don't know what it is

But I know that I can't live without him any way
