Jaaaaaaaaah, Rastafari, Jah Jah Jah Rastafari
Jah Marley, oh oh oh Jah Marley
Never forget your history
We won't forget your philosophy, oh no, oh no
You told us how you shot the sheriff, Swore it was self
defence
You said to the woman No Woman No Cry cause Jah is
standing by
You reminded the children that Jah Jah lives
Jah Jah lives within I and I
You said to Get Up Stand Up For Our Rights And Don't
Give Up The Fight
We won't give up the fight
Jah Marley, oh oh oh oh Jah Marley
Never forget your history
We won't forget you philosophy, oh no, oh no

A prophet and a king was he, proclaiming that man
should be free
He told us of War, Rumors of Wars
There will be no peace until there's war
There will be no peace until we are one
Said a come a rock this is Trenchtown Rock
Wether you're big fish, wether you're sprat
Cause everything, oh everything, everything will be
allright (2x)
