I wanna be  
next to you  
and watch you while you sleep

holding you  
lost inside  
every breath you breathe

i dont wanna live a day without you  
i just wanna be the one that makes you happy, happy  
i dont wanna live a day without you  
i just wanna be the one that makes you happy, happy

one minute more  
a thousand years  
it's all the same to me

cause i'm incomplete  
and i need you more  
with every breath i breathe

i dont wanna live a day without you  
i just wanna be the one that makes you happy, happy  
i dont wanna live a day without you  
i just wanna be the one that makes you happy, happy

i try to let you know  
but my words get tangled up  
and every time i find that i'm  
outside looking in

can't let this moment go  
when you're the only one  
that makes me feel the way i feel inside

lately i'm falling for you  
lately i'm falling for you

i dont wanna live a day without you  
i just wanna be the one that makes you happy, happy  
i dont wanna live a day without you

i just wanna be the one that makes you happy, happy
