Losing control come on now
Fuckin' crazy ready baby
You make me wanna freakin'
Let's go

I like to see when you dance
It's amazing for show
I like to feel when your legs
Make me losing control
And everybody in the place
Can not explain what it seems
About a million f*ckin ass
More never build like it's bimp

You got me beatin (hot)
Get me hide get me low
I like to lick it (hot)
Take me down take me slow
Why don't you blow me (hot)
Go get down come and go
You're freakin' for me baby
'Til I'm losing control

Come on now
Fuckin' crazy ready baby
You make me wanna freakin'
Let's go

Come on now y-y-y-y-you got me losing control
Come on now s-sex-s-sexy lady losing control
Come on now y-y-y-y-you got me losing control
Come on now let me lose control

Come on now come on now
Yeah come on baby
It's so freaky
Lick that ya
Come on I gonna make you fly
So high

I like to see when you dance

It's amazing for show
I like to feel when your legs
Make me losing control
And everybody in the place
Can not explain what it seems
About a million f*ckin ass
More never build like it's bimp

You got me beatin (hot)
Get me hide get me low
I like to lick it (hot)
