### "Clogged Castle"

Visit "[Clogged Castle](#)" on MotoLyrics.com

I was born in a clogged castle  
Filled with water and weeds  
My friends called me "Reptile Boy"  
I slept beneath the trees

I was a boy once  
One that he didn't know

I grew up without my father  
He left when I was three  
Said he wanted to sing with Elvis  
So he moved to Tennessee

I was a boy once  
One that he didn't know

I grew up in a clogged castle  
Filled with water and weeds  
My friends called me "Reptile Boy" (REPTILE BOY!)  
Slept beneath the trees

I was a boy once  
I was a boy once  
I was a boy once  
One that he didn't know
