We were trained by trains
To keep on rollin' down the tracks
We won't ever come back again

We were run like dogs
We gotta leave our homes and hopes
And get out of this place for a while

And now, my feet are left on the ground
I'm shaking when I hear the sound
My eyes are blinking
When my brain starts thinkin' of
Full of nerves and I can't feel my pulse!

Now you've come back home
(Yeah, I'm back for good)
Isn't it nice to see your old friends again?
(Older and wiser)
Do you still read your automobile magazines?
(When I get the time)
Well, I'm glad you're still the same
(Thank you)

And when you copy up to say
You brain starts pulling gray clouds out of the sky
Is falling, my fists are free
And they will signal "EMERGENCY!"

And now, my feet are left on the ground
I'm shaking when I hear the sound
My eyes are blinking
When my brain starts thinkin' of
Full of nerves and I can't feel my pulse!

I will signal emergency, alright
I will signal emergency, alright
I will signal emergency, alright
I will signal emergency, alright
I will signal emergency, alright
