Try to create in great poets wake  
The essence from a word  
How does a feeling seem  
As I lick ice cream?  
Could this be ever heard?

Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da

Your my attraction your my distraction  
To passion I let go  
In to you I flow  
So melt back into me

Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da

Your scent drives my mind  
While we sip on your wine  
Eyes gesture our dessert  
Shyness cast away for another day  
For this we have rehearsed

Every inch of you new  
Too good to be true  
These scenes filmed in our heads  
Whisper soft fantasies  
Who ever said romance was dead

Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da  
Your my attraction feel the distraction  
La da da da

Feel the push of your pull  
Gravitate through my skull  
What's yours becoming mine  
Let your lips show the way  
As we loose track of time
