Maybe she'll like me  
Maybe she'll want me  
Maybe she'll love me  
Wait and see

Feeling so excited  
Confused not delighted  
Soon to be united  
Who's it going to be?

Guitar

Maybe she'll like me  
Maybe she'll want me  
Maybe she'll love me  
Wait and see

How long I've been waiting  
Anticipating  
A Lady to find me  
Together we will be

Too Nervous to be happy  
Much more calmer mildly  
Keep it level gladly  
Best way to be

Maybe she'll like me  
Maybe she'll want me  
Maybe she'll love me  
Wait and see

Guitar

Maybe she'll like me  
Maybe she'll want me  
Maybe she'll love me  
Wait and see

Seems like all or nothing  
Balance is the best thing

Peace and tranquil beauty  
She's soothing me

Maybe she'll like me  
Maybe she'll want me  
Maybe she'll love me  
Wait and see
