Let's swim to the moon, uh huh
Let's climb through the tide
Penetrate the evening' that the
City sleeps to hide

Let's swim out tonight, love
It's our turn to fly
Floating in the ocean
That seemed to merge into the sky

Let's swim to the moon, uh huh
Let's climb through the tide
Surrender to the waiting worlds
Unveiled before your eyes

Nothing' left un opened
And no time to decide
We've stepped into a river
Now were flowing with it's tide

Let's swim to the moon
Let's climb through the tide
You reach your hand to hold me
But I cannot be your guide

It's not easy but I love you
As I understand your mind
It dense just like the forest
Of our moonlight guide, baby
Moonlight guide

Come on, baby... going to take a little ride
Down by the ocean side
We'll get real close
Get real tight
Baby going to make the world aright
At the stroke of midnight
